Dear Member of Parliament,

This letter has been printed from afterhate.org.uk and sent to you today because a constituent of yours has recently fallen victim of a Hate Incident and wishes to bring it to your attention.

After Hate is a new signposting service, based in Preston, Lancashire. This letter is available as a download from our website to notify you that a hate incident has recently occurred in your constituency and that the victim believes it is was a result of their perceived sexuality / gender identity / race / religion / disability.

By sending this letter, your constituent is stating that they don't have the confidence to write a personalised letter but, nonetheless, wishes to address the matter with you directly.

Please could you, or a member of your team, contact them via the details below at your earliest convenience.

Whilst we at After Hate appreciate that a personalised letter can have a far greater impact, we also believe that it is everyone's duty to help constituents engage with their elected MP's. This resource allows that first step to take place. It's now over to you.

Yours Faithfully,

Andrew Neale - After Hate.
